Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- To re order monthly supplies.
- Stoma nurses Basildon Hospital.
- For a delivery.
- Tried another company to save having to collect prescription from doctors surgery. But they kept sending catheters
 uncut and I am partially sighted.
- Nurse recommended.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Service very good.
- I love that they have changed the blue bag to dispose of bags from blue to black so much more fresher and discrete when in bins are out.
- Disposable wipes have changed, very inferior, lots of clients have moaned. Excellent service from Fittleworth. They
 have supplied radar keys and asked me to try other stoma bags one of which I now use much better than original
 prescribed.
- I have not visited suppliers premises because I am unable to walk far. I am also looking after a husband with dementia.
- A time of day of delivery would be ideal and way of doing this online (with a confirmation email of delivery a day or two before).
- In the beginning I phone my supplier and they contacted my GP for the prescription. The GP then contacted Fittleworth with the prescription. Then it changed, so now I have to put in a written request to my GP with a Fittleworth envelope and they send it to Fittleworth. Then it takes about 10-14 days before I get my supply. Which is much more a performance to go through. It was much easier the old way.
- I have been supplied for my colostomy bags since 1990s and I am satisfied with them. I know if I need to I can contact them easily and have a chat. Thank you Fittleworth.
- Sometimes there are delays when the GP doesn't approve supplies in time. The supplier should have a standing procedure to monitor and follow-up with the GP to ensure supplies are delivered on time without delays. This problem is however limited to a few occasions. Overall the supplier is great.
- Been dealing with Fittleworth for about 8 years. Always found them to be very helpful. They are always very helpful when you phone your order, and the delivery is always on time.
- No longer use Fittleworth as didn't always keep to day of delivery. Always blamed the GP. Have never been contacted as to why I don't use their services.
- This internet is very useful due me being deaf and cannot use the landline or mobile except text. Fittleworth are
 very good at every month for me to reorder and delivery. I would recommend this company to anyone for medical
 appliance.
- Customer for many years very satisfied.
- · Questions OK. Service very good.
- I find Fittleworth's service invaluable. Before using them I used to collect things from my pharmacy which never came in time and would arrive at different days requiring multiple trips to collect. Fittleworth makes my life easy and their efficiency is 10/10.
- An excellent service, both with staff and deliveries. Thanks.
- I am so happy with the way the staff and the way my order is always on time, which helps me not to stress about my condition.
- I help run a stoma club named STEPS in Essex and a lot of our members get supplies from Fittleworth and would love to visit and see the factory warehouse if this was possible.
- I have always found Fittleworth to be very helpful in dealing with me if I have any minor problems, and they go out of their way to be accommodating if I need extra complimentary items or delivery on a specific day. Very good service.
- I have been very pleased with all transactions of appliances over a matter of many years. I have lost count of how long you have supplied my appliances. Thank you so very much.

Customer comments

- I would like to say you cannot fault it in any way at all, I am nearly 87 and I am very happy with these people forever.
- Staff seem to have changed since the past year. Previous staff were faultless and excellent. However there have been issues with new staff. They are impatient and sometimes seem deliberately unwilling to be kind and not want to understand what is requested. Having said this, they have slightly improved recently. The actual service itself is excellent. Thank you.
- Once again I am pleased to repeat I am very happy with Fittleworth services.
- 1. This year after 14 years, the disposable bags were changed from blue to black. I do not like these as they remind me of dustbin bags! Another colour please! 2. The wipes are too soft for me. I cannot separate each from the other, so they don't last as long as the previous ones, which were stronger. I am 91 years old and it's all very difficult for me. However the colostomy pouches and service is very good.
- All the years I have used this service, it has been first class. Thank you.
- Always very polite and when one company could not supply stoppers they found another company very quickly to supply them.
- I rarely have direct contact with Fittleworth now because all ostomy prescriptions are handled by West Essex (an NHS central ordering point). I phone them when I need supplies and they send prescription to Fittleworth. Hence some questions are unanswered.

Fittleworth Customer Feedback Report

Number of customers providing feedback: 87

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 87

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	83	2	1	0	1
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

(number of Very good ratings x 100.00) +(number of Fairly good ratings x 66.67) +(number of Fairly poor ratings x 33.33) +(number of Very poor ratings x 0.00) +(number of Don't know ratings x)

 $(83 \times 100.00) + (2 \times 66.67) + (1 \times 33.33) + (0 \times 0.00) + (0 \times 0)$

(87 - 1)

(total number of customer responses - number of Non rated responses)

Your mean percentage score for Q4a = 98%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

		Benchmark data (%)*					
ore (%)	Min	Lower Quartile	Median	Upper Quartile	Maximum		
98	94	97	98	99	100		
:C			Quartile	Quartile	Quartile Quartile		

*Benchmarks are based on data from 36 dispensing locations surveyed between March and May 2017 with 40 or more responses and a total of 2,236 returned customer questionnaires.
