Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- I only contacted the supplier when they are unable to reach me regarding my prescription and leave a message. My prescription is permanently at my GP.
- Fittleworth phone me for my repeats.
- Good supplies.
- I have a urostomy.
- I take prescription request to doctors surgery and they email it to Fittleworth - much of this survey does not apply but service is very good.
- To try and arrange electronic ordering of Hollister products from the surgery I attend to you, my supplier.
- Fittleworth medical contacted me I was having my medical supplies from them already.
- Order supplies.
- Problem with prescription.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- If I am not at home to take a call regarding my next delivery I am left a message and I call back. It is annoying and a waste of materials and postage to receive a letter saying they tried to call and I was to available and will I call them. There were three occasions last year when Fittleworth had made arrangements for my supplies to be delivered but had to ring me to say the date had to be changed due to my GP practice not responding quickly enough for my prescription to be filled. My stoma nurse had to intervene.
- It would be nice to know if new or improved products become available.
- Service is first class.
- I have nothing but praise for the excellent service Fittleworth provides.
- To send you other bags about looting wind out.
- I am not impressed by the size (and thinness) of the complimentary wipes, they are not as good as the ones that were supplied when I started using Fittleworth five years ago. The black disposal bags are not as good as the earlier (orange) ones.
- Excellent service, never a problem.
- Had appliance review from coloplast nurse, first time 18 years approximately.
- I have answered the questions on behalf of my husband who has advanced Parkinson's disease.
- I have used Fittleworth for many years and have always found them excellent.
- I have to order through my local surgery. Sometimes there appears to be a loss of communication between surgery and supplier. Most of these difficulties stem from surgery being not allowed to use a fax machine.
- As a customer of almost 10 years, I would like to thank Fittleworth for a really first class service. Efficient and reliable. Second to none! Well done!
- I have used Fittleworth exclusively for just over 18 years and have been very pleased with the service they offer. They were also more than helpful when I have had a query a couple of times.
- 95% of the time the staff are excellent, but on one occasion the person we dealt with did not know anything about the appliances we needed and told us they were unavailable. However, the stoma nurse put her right. It is all down to training and customer care.
- Fittleworth have dispensed my prescriptions for many years and I have always found their service to be excellent. They have offered help and advice when I have needed it and always been prompt with the deliveries. I would highly recommend them.
- I had cancer and had to have a colostomy and I was shown how to use them. I have always used the same kind. Dansac Unique - Ref: 321-15 and I am very pleased with these. At one time they were changed and I received very good help from the person I spoke to. She searched for about an hour or more to find another kind for me but she did find some. I've used that sort ever since and I much appreciate the advice and help I have been given by Fittleworth.

Customer comments

- The complimentary wipes that I now receive are not as good as the previous ones which could be torn in half and lasted twice as long. Having slightly arthritic hands I also find them hard to pull apart.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 57

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	51	1	1	0	4
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(51 \times 100.00) + (1 \times 66.67) + (1 \times 33.33) + (0 \times 0.00) + (1 \times 0)}{(57 - 4)}$$

Your mean percentage score for Q4a = 98%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	98	94	97	98	99	100

*Benchmarks are based on data from 36 dispensing locations surveyed between March and May 2017 with 40 or more responses and a total of 2,236 returned customer questionnaires.
