Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- From West Middlesex Hospital. Nurse recommended.
- For bags.
- GP.
- I submitted my order by phone to Fittleworth. They would then contact my GP to get his/her authorisation for this order and sent Fittleworth a prescription.
- Contact was made on my behalf by the Chelsea and Westminster Hospital after I had my colostomy there.
- Contacted Fittleworth at least twice with complaints about night drainage bag - looked deliberately damaged and urine spilled onto my carpet. You sent it back to manufacturer but still haven't heard anything! Second time flanges cut very 'off central' and caused a lot of discomfort, still not cut very central!

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Recently the supplier provided a new type of wipe. We did not find them as good as those previously supplied, not enough of them.
- We sometimes ask for extra bags and wipes but do not get extra. That is the only problem we have otherwise excellent service.
- I find that the quality of the wipes has gone down and they are too thin and there are not enough for my order. The black bags are not as good as the blue bags.
- Referring to Q1 I do have to wait a long time on the phone which is very time consuming. However I do appreciate your very good service and the operators are very helpful.
- Excellent service without fail. Many of the questions do not apply to me so I have responded 'Not applicable'.
- Sometimes I feel the operatives do not appreciate how essential these products are. There have been times when despite giving over a week's notice of placing order, bags, etc. have still been late. On a few occasions suffered leakage because cutter nicked the actual bag. This was a number of years ago, but I feel at times the necessity of these products is lacking.
- Please be aware I stopped using Fittleworth as my supplier at the beginning of the year (2017) because of poor service, particularly from Fittleworth Kingston Upon Thames depot.
- Only on one occasion did I have to wait over 12 days for delivery of part of my order - the order has never been completed due to lack of availability from one supplier (SALTS).
- This service is very good, does not need to change, and very helpful.
- Always very helpful when I call. If stock is low they always call me to advise. Prompt on delivery and excellent customer service.
- I used this service for 15 years with no issues at all - good, knowledgeable, friendly, and efficient service. Over the past 12-18 months the staff have become abrupt and unhelpful. They don't know their products and every order had an error. When ordering a box of something I was repeatedly sent one item, not one box! The service has become patchy and unreliable and it was hit and miss depending on the person at the end of phone. I have, as a result, changed to a different supplier.
- A very good service. I am satisfied. Thank you.
- Q8 - My GP sends the prescription to supplier - prescriptions are always repeat as I have the stoma for life! Q10 - Delivery is always to my home - question is confusing. Fittleworth are 100% reliable and will endeavour to deliver earlier if home supplies are running low (this was my fault!). Cannot fault them - really excellent all round.
- An outstanding service. Excellent response times, advice, and a thoroughly professional and personal outlook. Cheerful and helpful at all times. Cannot fault Fittleworth in any way over the past 16 years.
- I am very happy with the service Fittleworth is providing for me under the NHS. Their staff are polite, helpful, and cooperative on all occasions. They are also knowledgeable about the product I order which was a great help to me when I first started using them.
- I have two stomas and have always been very pleased with Fittleworth.
- I find the service very efficient, reliable and friendly staff.
- Keep well stocked.

Customer comments

- The service of this supplier would be vastly improved if my GP surgery signed the consent for my prescription on time. I have now experienced two London surgeries and both seemed to be very lax when signing for items I have told my supplier I require. It is a monthly anxiety for me. My supplier has had to notify me on several occasions when the GP surgery has failed to return the prescription to them on time. I do appreciate the way the supplier has tried to prompt the GP on my behalf. I too have spoken to staff at the surgery - I always get an apology but this does not translate into any action - delays are my lot so it seems. I do not think I am alone in this situation. Can you do anything about it?
- I have received all my requirements from Fittleworth over the past 14 years with excellent service. They have been excellent. I would not like anything to change, so I do not need to complete any questionnaire. They are an excellent company and they truly look after all their customers very, very well. Thank you.
- I am very happy with the service of my supplier, I find them always helpful and the goods always come on time.
- In all the years dealing with this supplier, I have no complaints. Thank you.
- When a complaint is made follow it up, don't make out you're not really interested. Your delivery service and stoma nurse are first rate and deserve a big mention.
- I have always found the service to be of an excellent standard. The handlers are helpful and very pleasant. Thank you.
- I am very happy with the service supplier at the moment.
- The only thing I want to say is that when I send my prescription it takes over a week for my delivery to come. Sometimes I could need it urgently.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 68

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	58	6	0	0	4
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(58 \times 100.00) + (6 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (1 \times 0)}{(68 - 4)}$$

Your mean percentage score for Q4a = 97%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum

*Benchmarks are based on data from 36 dispensing locations surveyed between March and May 2017 with 40 or more responses and a total of 2,236 returned customer questionnaires.
