Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

Details of your survey

220 patient questionnaires were sent out and 91 completed questionnaires were returned giving a response rate of 41%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
Returned questionnaires	
Successfully completed by patient	91
Questionnaire blank	1
Questionnaire returned to office undelivered	8
Unreturned questionnaires	
Unreturned questionnaires	120

Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- I have a stoma.
- For ileostomy bags and wipes. Other things I need as well, thank you.
- I had the name given to me by my stoma nurse.
- I have to contact Rotherham Hospital: If I need to change I contact my district nurse, who sometimes comes to my home to sort out my problems.
- The Fittleworth nurse did our first order.
- I am the customer's mum and I do all his ordering for him.
- After my colostomy operation the hospital arranged my prescription.
- To check they had received prescription.
- I have never contacted supplier. My stoma nurse prescription service orders my supplies.
- I do not contact the supplier. I phone my order requirements to Rotherham continence prescription service.
- I do not contact Fittleworth directly by phone but my local stoma service who then contact them. I therefore feel much of this form is not applicable to me.
- Part of the order was missing.
- Following hospital admission.
- The problem is now cleared up. Thank you.
- I do not contact Fittleworth directly they are used by the continence service in Rotherham who contact when I need more supplies.
- Order.
- Hallamshire Hospital following my operation.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Very good all round. Thanks a million.
- Sorry for odd mistake. I phone NHS number to place my order and I am satisfied with my order and have no complaints.
- Very good services.
- I've filled it in the best I can some of questions can't understand. Hope you can understand. A very good service. Very happy with it.
- I have always had excellent service from Fittleworth and would not have any one else and have been satisfied with everything.
- Fittleworth, I find totally efficient, and therefore am unable to answer many of the above questions as I rarely have to contact them other than forwarding repeat prescriptions!
- I have had very good service from my urostomy nurse, who always answers my texts and is very helpful. I understand they are closely connected to Fittleworth.
- I am very pleased and grateful with this service.
- It is hard to get through on the phone I don't really like leaving a message, but when I do they always phone me back.
- Re: Q12(a) - Enquires regarding any problems with appliances and their suitability and performance have been dealt with by Fittleworth nurse on a home visit.
- I call the prescription service in Rotherham and tell them what I want, then they contact Fittleworth. When one member of staff used to deliver I got samples and freebies but I don't get these now.
- Would prefer Fittleworth to request script each month from GP without my prompt.
- Fittleworth give an outstanding service.

Customer comments

- Reliability of delivery service is excellent when Fittleworth's own delivery driver is used most of the time, but when Parcel Post is used it is very unsatisfactory no attempt is made to leave parcels with neighbours, they are just left outside the house even in bad weather!
- I am very satisfied with the supplier but need a little more information on clothing availability on prescription such as vests and pants with pouches for my urostomy. I do find that the urostomy bag being in contact with my skin is uncomfortable and can cause itching on my abdomen. Do I have to go to my GP to have any of the above prescribed as wearing ordinary underwear isn't very suitable or comfortable.
- I am very satisfied with the service I receive.
- Very good.
- I requested that delivery would be made after my return from holiday. If my daughter hadn't called the delivery would have been left outside for three days.
- Initially delivery was within two to three days, then stretched to a week, then 10 days, now two weeks seems to be the normal delivery time. The person who delivers is excellent and does all they can to help and advise, but is restricted somewhat due to their delivery schedule.
- Amazing service, staff always friendly, nothing too much trouble.
- We have no problems with the service at all it's very good for which we thank you.
- This questionnaire does not really apply to my dealings with Fittleworth. They are used as the issue/delivery route for my prescribed items. I do not contact them directly and deliveries sometimes come from other distributors.
- Fittleworth medical while offering a good general service have the following weak points. When part of your order is unavailable they don't actively update you when it will be available or delivered. You have to chase them for that information. When ordering from customer service the personnel don't seem to have much product knowledge - they have to refer to someone else for this information.
- On occasion they don't stick on the skin and I really don't appreciate your delivery person calling my first name.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 91

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	82	3	0	0	6
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(82 \times 100.00) + (3 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(91 - 6)}$$

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	99	95	97	98	99	100

*Benchmarks are based on data from 35 dispensing locations surveyed between September 2018 and January 2019 with 40 or more responses and a total of 2,704 returned customer questionnaires.
