## Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

### Details of your survey

200 patient questionnaires were sent out and 65 completed questionnaires were returned giving a response rate of 33%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
<b>Returned questionnaires</b>	
Successfully completed by patient	65
Questionnaire blank	2
Questionnaire returned to office undelivered	3
<b>Unreturned questionnaires</b>	
Unreturned questionnaires	130
Total number of questionnaires	200

## Why you contacted your appliance supplier recently and the response you received

### Q1: Why did you contact the supplier? To submit a NHS prescription for:

Table 1:

## Customer comments

**Appendix 1 - Specified other reasons for contacting supplier from question 1:**

- Now put of electronic system of ordering between my GP and Fittleworth's.
- Because my GP fails to include the powder (Ostoseal) protective powder each time I submit my order with you - don't know why this, no reason has been given.
- I contact the supplier only when I have a query. My prescriptions are sent electronically straight from the surgery.
- To check whether they had received my latest prescription from surgery.
- Prescriptions are sent by fax via GP.
- To enquire about a product.
- Because my surgery sent my prescription down to the chemist not to Fittleworth who requested.
- All contact made by doctors surgery.
- The GP's surgery submit prescriptions.
- Contact by GP.
- The wrong pouches were sent.
- To find out when my order would arrive.

**Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:**

- So far, very good.
- No comments about the supplier, but the GP surgery is not very quick at times in sending repeat prescription to supplier. Also sending other items which supplier does not supply. The powder I use seems to be a problem, the cost might be a factor. But overall the service is very good.
- I was not sure quite how to fill in this form. All the items on my prescriptions are requested either by the surgery or my stoma nurse. They are either sent by post or delivery by van from a local depot. On phoning Fittleworth with a query, the customer service personnel have always been extremely polite, helpful and cheerful. They have also always done as they said they would do!
- They offer and provide a first class service. My repeat prescriptions are sent direct from my surgery.
- My only complaint is that they changed the wipes supplied which are inferior to the ones they always used to supply.
- Generally a good service. Sometimes unable to supply all items requested due to "supply issues". When this happens I sometimes get differing reasons and on checking on one occasion a reason that wasn't accurate or true. However generally a good service - delivery driver is a really nice man who seems very caring.
- All good.
- Advised by consultant to use only your products. They arrange for GP to send prescription. Excellent.
- Regarding question 12: AUR's are carried out annually by EKH Trust stoma nurse at GP's surgery.
- My prescription is sent from my surgery. When I put in a request and usually delivered in a few days. Very satisfactory system with no patients worries as I am elderly and need help with supplies.
- I did not contact the supplier. Do not understand most of the questions.
- I believe Fittleworth to be an excellent provider, and after many years of use, I am very happy with the products.
- My prescriptions are sent electronically from GP to supplier.
- Very satisfied with the service supplied by Fittleworth.
- Fittleworth service excellent. I've used them for the last 16 years and I hope to use them for many, many more. Hope this helps.
- In the past I had problems with deliveries and prescriptions. But these were no way Fittleworth's mistakes as I found out it was due to the surgery not sending the prescription through to Fittleworth at the correct times. At the times it did cause me a lot of stress but this has been resolved by ordering myself online since then Fittleworth have delivered promptly when my supplies are due, and I can say that they have been very considerate and polite at any time I needed to speak to them.

## Customer comments

- The only thing that bothers me is that a few times I have had my bags come one day and about 3-5 days later the lotion turns up, is this the practice now? Because they always came together in one package.
- The pouch that I had recently started using stopped being manufactured and I was at first informed that supplies were on order and would arrive soon, however it evolved that my pouch had ceased to be produced, I found this out by investigating with Fittleworth why they (pouches) are unable to be delivered.
- I am unable to complete questions 1 to 4 as I do not contact the supplier I contact my doctor.
- I have never had a problem with Fittleworth, my problems have been with GP's surgery which Fittleworth's have always tried to help when contacted.
- If all items are not in, they always ring and agree to send part order, then balance is sent separately. I have used Fittleworth for many years and they have always been excellent.
- Improve relations with surgery issuing prescriptions. Inform me when products are to be delivered.
- None. Is very good service and helpful over the phone (thank you).
- A lot of this is not applicable as my doctor orders by prescription.

## Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 65

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	51	7	0	0	7
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(51 \times 100.00) + (7 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(65 - 7)}$$

Your mean percentage score for Q4a = 96%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

## Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	96	95	97	98	99	100

\*Benchmarks are based on data from 35 dispensing locations surveyed between September 2018 and January 2019 with 40 or more responses and a total of 2,704 returned customer questionnaires.
