Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- Number engaged during 8-12 order time last month so my daughter emailed Fittleworth direct.
- For repeat prescription - originally referred by hospital.
- My doctors let me down.
- Stoma department, Colchester Hospital after urostomy.
- Reorder.
- Broomfield Hospital got in touch.
- To return an incorrectly sent prescription.
- I had bowel cancer and had an operation, King George's Hospital, Ilford, Essex.
- To arrange a date for another supply.
- Just to check that a prescription had been received from my surgery. Very pleased with your service otherwise.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- I get a regular order they always go through the order with me, give me date for delivery, which has always arrived on time. The telephone staff are always polite and helpful.
- The service I get is brilliant. Thank you.
- Tried others but not as good as Fittleworth.
- I have asked for the nurse to call if she is in the area but have not seen anyone but the delivery service has always been very good. Thank you.
- Some of the questions quite hard to understand and don't seem applicable to me. I have found Fittleworth very good and obviously couldn't manage without them. If I had any problems I would contact nurses at the hospital where I have check-ups.
- I filled this form out for my wife we get a good service from Fittleworth. Thank you very much. We are in our 80s.
- Very helpful.
- I have used this supplier (Fittleworth) for many years. The service I have received has been excellent. How can I persuade my GP to use the online ordering method which would save a lot of paper, postage and time?
- It is normal that I receive four week's supply of catheters. Is it possible to receive a text reminder to reorder? (I'm an old fogey.)
- The problem that we always have is with obtaining a prescription for what amount we need and that being received by the supplier by the specified date, so that the order can be delivered.
- Service is faultless, as are staff at Fittleworth. Never ever had problem with either! Which makes a change nowadays. Excellent, thank you.
- Perfect service!
- Has been shortage of wipes and bags but now rectified.
- I would say Fittleworth have provided excellent compassion and care since my stoma. Well done to all.
- I do not deal directly with the supplier as I have to use a prescription service, most of the questions are not relevant as I phone the prescription service.
- The method of ordering new supplies involves contacting Fittleworth who then contact my GP who then sends a prescription to them which they then dispatch to me the bags. This takes two weeks. It's ridiculously bureaucratic. I don't see why I can't get my GP to send them a prescription direct upon my request to the GP.
- I've used Fittleworth for a few years and never had a problem with them, if there is a problem they always ring, if it's a problem with my prescription and I have run out of things they always make sure I have an emergency stock.
- Sometimes delay in delivery within a reasonable time.
- Your telephone staff have always been polite and helpful. Only had one quite arrogant person who came across as quite arrogant. Thankfully I've only had to encounter them once.

Customer comments

- Always responsive and helpful in resolving any issues or problems that may occur. No long bit of automatic options on the telephone which helps to feel it's a caring service. Time taken to respond on telephone seems to have got shorter.
- Service very good by phone and delivery.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 75

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	71	4	0	0	0
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(71 \times 100.00) + (4 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(75 - 0)}$$

Your mean percentage score for Q4a = 98%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	98	95	97	98	99	100

*Benchmarks are based on data from 35 dispensing locations surveyed between September 2018 and January 2019 with 40 or more responses and a total of 2,704 returned customer questionnaires.
