Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- NHS did for me, they sent the first order.
- I have not used Fittleworth for about a year now. This is because the service had become very bad.
- I was given Fittleworth's name as a supplier of the bags I use when I was in hospital recovering from the operation.
- To alert them to the misuse of peppermint spray on my parent in a care home, now deceased. It was used orally! It needs to be made clearer on bottle, in my opinion, made idiot proof.
- After operation Royal Shrewsbury Hospital set delivery up.
- To order supplies for urostomy stoma.
- Never had the need. You meet all requirements.
- Hospital.
- RUH Bath, arranged my first delivery, gave me details how to carry on.
- Late delivery of catheters.
- Supplier was the one we used elsewhere before we moved.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- I can't understand why it takes so long to process the order. 9 years ago the order would come the next day or the day after, now it takes about 10 days. Recently the doctor missed an item off the prescription, although Fittleworth had the prescription by the time I phoned them, they still wanted 10 days to process it, but agreed to deliver in 5 days. Good job I wasn't desperate for it.
- I need urostomy bags cut to size (I am in my 80s and live alone). I post prescription, they arrived by prompt delivery in 48 hours. Wonderful service!
- For about a year Fittleworth could not get it right. My prescription appeared to disappear, even though my surgery assured me that they had sent it by post and electronically. On days my order was due I had to repeatedly ring then to ask if it was going to arrive because they had let me down on numerous occasions. I was always told my prescription had not arrived. Then I was told that the items I used - Convatec flanges were impossible to obtain. The makers had problems. I telephoned Convatec and I was informed that they had plenty. The staff at times were rude to me on the telephone and very abrupt. Some had an attitude that they didn't care. After a year or so of this, I changed to another provider and they are excellent in every way. Fittleworth need an attitude change and to get things right.
- It would be handy if some staff had a little medical information, if I have had a problem with a product, all I am told is they have no medical training so can't help me, the items I order were always in stock, but last 18 months they are always short of something.
- All I do is go to the clinic, tell them what I require, i.e. bags etc then they (the clinic) send Fittleworth the prescription by computer or phone - don't know. Then Fittleworth deliver within 1 week, nice products. This system works so I do not change it!
- The disposable wipes are far too small.
- Provide an excellent service which we are more than happy with.
- Regarding question 5: I telephone Fittleworth and request a repeat prescription. Fittleworth request this from my local medical centre and dispatch to me once this is approved.
- Everything is most satisfactory. Thank you for a wonderful service.
- Most of the questions did not apply to me but I have always found staff helpful and polite. My medical order has always been on time I am very pleased with the service for many years.
- Excellent service.
- Complementary wipes have gradually reduced in size and thickness to the extent that they are no longer fit for purpose.
- I have a short-term memory problem. My surgery has problems to get things to you when you need answers. Sometimes they are slow sending prescriptions on to you.
- The service over the last few years has been excellent, never a mistake, delivery always on time (sound too good to be true).

Customer comments

- Some of the questions weren't relevant to me or didn't offer a space to add a comment.
- The supplier's service has always been prompt, friendly and efficient.
- We don't receive an appliance. It is for catheters and continence products.
- Fittleworth have always been very good, polite and professional while dealing with me. I'm very happy with their service. Well done Fittleworth.
- My prescription is electronically sent to Fittleworth and goods are delivered the following week, very convenient.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 76

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	65	5	2	0	4
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(65 \times 100.00) + (5 \times 66.67) + (2 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(76 - 4)}$$

Your mean percentage score for Q4a = 96%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

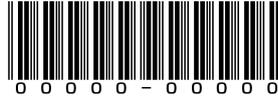

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
