Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- Prescription set up by Derby Royal Hospital.
- Supplier originally contacted by hospital (Kings, London) which treated me.
- The prescription is sent electronically from the surgery and it took longer then usual but it arrived 4 days later.
- I contacted my supplier, who then contacted my GP to obtain the prescription for a repeat prescription.
- Royal Marsden Hospital, Fulham Road, Fulham, London made first contact while I was in hospital.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Excellent service. Colostomy many years, better service from Fittleworth than Boots/Lloyds. Thank you.
- I've used this service for a number of years and always found them to be helpful.
- Slightly quicker delivery would be appreciated but delays may be caused by the GP.
- Wonderful staff and delivery service.
- Website needs a bit of an update - the login and design/functionality could do with modernisation.
- My only complaint is to do with prescriptions. In the past the supplier would dispatch on receipt of the order, and later would retrieve the prescription from the doctor. This was changed - now I order the goods, then the supplier has to wait for the doctor to send the prescription, before they can dispatch the order. My doctors are sometimes very, very slow, or lose the prescription request altogether! I was told this change was dictated by the NHS , however it appears that it may be a means of increasing the cash flow of the supplier! If it is the NHS they don't gain, as every patient has to order forward supplies to cope with this delay.
- Question 6 does not apply to me. Question 8 is in my case also not applicable.
- I am very satisfied with service.
- A few times there have been issues getting my prescription from my surgery meaning delays of my supplies. A better warning system is needed for this.
- Excellent company in all respects.
- I don't know why you need another prescription each time I need new supplies. It is acceptable if there are new items, but a new supply of regular stoma care products, seems a waste of time.
- Only problem I have ever had is with the surgery supplying the prescription!
- Delivery company does not always "leave in porch" if no one at home (as instructed) - sometimes package is left outside, sometimes with neighbour.
- Pre paid envelope.
- Yes, better wipes. You changed them to useless thin cotton. Please go back to the ones you used to send.
- Excellent service, never had any complaints.
- I had persistent digestive problem for 3 months and acid ate through the bag, black bag etc. So they provided me with extra bags (so double up) and wipes. It is now OK.
- Please can you send me information about events and magazines and clothes.
- It takes a fortnight from ordering to delivery which is too long. The surgery is often at fault by not getting on with the prescriptions and have to be reminded. In Portugal two weeks ago I had to contact the supplier in the UK. They were very helpful but it took three days for the Portuguese to respond in an emergency and the appliances were not suitable, had to come from Spain!
- Excellent service! Have used for several years no problems at all.
- I have found Fittleworth an excellent service. They always inform me if there is a problem with anything and deliver on the day.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 69

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	62	6	0	0	1
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(62 \times 100.00) + (6 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (1 \times 0)}{(69 - 1)}$$

Your mean percentage score for Q4a = 97%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	97	95	97	98	99	100

*Benchmarks are based on data from 35 dispensing locations surveyed between September 2018 and January 2019 with 40 or more responses and a total of 2,704 returned customer questionnaires.
