Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

Details of your survey

180 patient questionnaires were sent out and 75 completed questionnaires were returned giving a response rate of 42%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
Returned questionnaires	
Successfully completed by patient	75
Questionnaire blank	3
Questionnaire returned to office undelivered	1
Unreturned questionnaires	
Unreturned questionnaires	101
Total number of questionnaires	180

Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- No appliances received.
- I have recently been informed that I now have to order my supplies via my doctors surgery instead of direct with the supplier. Answers given are based on previous experience.
- Originally NHS gave contact info for first supplier, then you took over from them. Now the NHS send the prescription to you. I only contact when things go wrong.
- Usual monthly electronic prescription for stoma supplies.
- Because I needed pouches etc.
- Something I needed.
- I had run out of the disposable bags that are complementary when you submit an order by prescription.
- Return phone message.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Some of the flanges and pouches have been faulty i.e. flanges becoming loose after 24 hours, pouches splitting on the seams (joints).
- This supplier provides an excellent and efficient service!
- Excellent service always received.
- It would be useful if Fittleworth took responsibility for the prescriptions. On many occasions my prescription has not been actioned or has been wrong, so causes lots of problems.
- For the last several months I have been dealing with Fittleworth through the NHS repeat prescription service. I have always found Fittleworth, when I dealt with them previously to be pleasant, efficient and helpful.
- Never have a problem with deliveries, orders or supplementary items. Can't fault them whatsoever.
- Regarding question 8: All prescriptions are sent electronically from my doctors. Regarding question 13: I have never phoned out of hours.
- I find the delivery time is long, approx. 10-14 days, I think this could be shorter.
- I am lucky to get a day stated, never a time for delivery.
- Always helpful. Wonderful service, when GP fails to supply correct prescription Fittleworth always supply very quickly and put things right. Very happy with them for over many years as a person which an 'ostomy.
- Certain items are not available to be sent electronically. Therefore this means I have to take my prescription request to the GP surgery and they then have to forward by post - which is time consuming.
- Service second to none.
- I have always found the staff very helpful during the years I have dealt with them.
- Overall Fittleworth always takes care of my needs. They always contact me on my landline, to ensure that whether or not I need new medical items (stoma bag) delivered to me. They are very dedicated, understanding and always support me with any queries. They provide complementary wipes and disposable bags, so that all my needs are taken care of. If it wasn't for companies such as Fittleworth, then I would always struggle as to how my equipment needs to be delivered to me on time. Thank you Fittleworth, for the wonderful service you are all your staff provide.
- My request for a supply on disposal bags could not be met because they are only supplied when accompanying a prescription order. I do not know whether this is reasonable or not - I have never made such a request before and as a long-standing customer had fully expected my request to be met. However, if other customers have abused the complimentary products supplied then perhaps this has had to be strictly monitored.
- I have always been very happy with the staff on the phone and always get my supplies promptly.
- I have no complaints at all. The service is excellent. Thank you.
- I don't have direct contact with Fittleworth any longer. My prescribed items are now obtained from Fittleworth, but via The East Lancs Health authority.
- More bags and wipes could be included with the delivery of pouches as standard rather than requesting more when ordering for next delivery of items.

Customer comments

- Nothing really, suffice to say a yearly call from the nurse (in house) would be a good idea. The nurse maybe able to prompt the patient for any issues.
- I have always been pleased with the service Fittleworth have given.
- Free bags and wipes, sometimes I have had to phone as items above not always correct, invoice does not match items received, corrections have been dealt with and delivered within one week.
- Fittleworth have always provided a good service and excellent customer service - never let me down in many years. Thank you.
- Would you please stop sending me catheters I don't need them. Thank you.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 75

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	68	3	0	0	4
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(68 \times 100.00) + (3 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(75 - 4)}$$

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	99	95	97	98	99	100

16307

*Benchmarks are based on data from 35 dispensing locations surveyed between September 2018 and January 2019 with 40 or more responses and a total of 2,704 returned customer questionnaires.
