Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

Details of your survey

185 patient questionnaires were sent out and 68 completed questionnaires were returned giving a response rate of 37%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
Returned questionnaires	
Successfully completed by patient	68
Questionnaire blank	3
Questionnaire returned to office undelivered	1
Patient deceased	1
Unreturned questionnaires	
Unreturned questionnaires	112
Total number of questionnaires	185

Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- If I miss a telephone call to arrange the date of delivery, I will call them to find out when they will be coming to me.
- The supplier was contacted by hospital.
- To ascertain if new sacks were available.
- I request my continence needs to the Nottinghamshire Continence Service. It is they who contact you. Only time of direct contact was when you had no stock.
- To check supplies.
- Great Western Hospital, Swindon.
- The nurse suggested it to me.
- The hospital contacted you.
- Change of address. I have to call a POD service for prescriptions.
- ETA.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- I have found this supplier to be very helpful and also the delivery staff the same. I'm happy with the service I
 receive from them.
- I have received very good service for the many years. The wipes are now smaller in size which is a disappointment, I have to use two instead of one.
- I have on occasion found a small item missing as there has been a hole in the parcel. This is usually a small boxed item that is one of many supplied. Perhaps if all are put in a bag together before being wrapped in the parcel would help.
- Frustrated that on a repeat script every month that they very rarely have my appliance in stock, so delivery of items are delayed every month adding stress and anxiety to a situation that is already out of my control!
- The supplier is brilliant but the questions are of dubious quality if you use the web service.
- The service Fittleworth delivers is excellent and everyone I have had contact with have always been to the highest quality and standard. Thank you.
- Been dealing with them for many years. Service is brilliant. Can't thank them enough.
- I phone POD and they do everything for me.
- Very satisfied with service provided by Fittleworth.
- Love using this service, so friendly and helpful. Always make sure I get my orders on time.
- Regarding questions 2 and 3: used to be telephone and very easy now have to go via GP by email rather irritating! Regarding question 11: used to be a yes now I don't have any idea of delivery date, not having spoken to supplier. The only other comment is the diminishing size of the wipes supplied by Fittleworth.
- I had a permanent ileostomy many years ago so am probably not the best person to complete this questionnaire as I am so used to the routine I really have no complaints about the supplier's service or the wonderful NHS.
- Fully happy with this supplier for over many years.
- Fittleworth staff have always been very polite and helpful. 100%.
- I like it that they contact me every month to see if I need to place an order and if not they arrange to call me the following month.
- Do not get enough disposable clothes and also disposable bags.
- Only had one delivery, so cannot really comment.
- I have always found the supplier's service to be excellent. If I have any questions, they are helpful in answering them. Regarding question 8: I have answered no to these but the surgery would not issue a prescription if I didn't need appliances. If I had any problems I could seek help from stoma nurse at first instance.
- First class service, no negative feedback at all. Staff are polite and deliveries prompt and discreet.

Fittleworth Customer Feedback Report

Number of customers providing feedback: 68

Customer comments

- Excellent telephone availability and action.
- I am very satisfied with the service. Deliveries are made to the doctors surgery at my request and are invariably made at the agreed time.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 68

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	64	3	0	0	1
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

(number of Very good ratings x 100.00) +(number of Fairly good ratings x 66.67) +(number of Fairly poor ratings x 33.33) +(number of Very poor ratings x 0.00) +(number of Don't know ratings x)

 $(64 \times 100.00) + (3 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)$

(total number of customer responses number of Non rated responses) (68 - 1)

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean	Benchmark data (%)*					
	score (%)	Min	Lower Quartile	Median	Upper Quartile	Maximum	
Q4a Polite and took time to understand needs?	99	95	97	98	99	100	

*Benchmarks are based on data from 35 dispensing locations surveyed between September 2018 and January 2019 with 40 or more responses and a total of 2,704 returned customer questionnaires.
