Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- My partner had had two strokes and has no speech and cannot use internet.
- Stoma clinic at Lister Hospital - Stevenage.
- They contact me each month.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Always been very helpful and informative really pleased with service provided. Well done!
- My only requirement are for disposable items and the services are excellent and any very occasional queries, etc., answered immediately and courteously. There is also a catalogue of all the items appropriate for my condition which answers most questions.
- More phone lines please.
- The supplier is very good. I have more problems with my GP authorising the prescription!
- Recent problems getting through on Fittleworth's telephone line! I tried several times last week (week beginning Monday 29th November 2021) gave up after several unanswered calls (waited 10 minutes each attempt). I sent email which did get things sorted.
- I cannot praise Fittleworth enough. The people who answer the phone are always polite, cheerful and helpful. The delivery service is prompt and efficient and always on time. The person who delivers to me is always cheerful and polite and brightens my day!
- Fittleworth do seem to have had problems answering the phone recently and I have had some very long waiting times to speak to someone to place my order. 15-20 minutes on a number of occasions. Hopefully this is getting better now.
- Six plus years of excellent service but items not available on my last order for the first time ever and it needed repeated, lengthy phone calls (at least three) to get the matter resolved (I hope - still awaiting delivery of final items).
- Just lately the supplier has been using DHL for deliveries. Their drivers do not adhere to the specific delivery requirements of the supplier. I have made supplier aware.
- They do not answer phone like they used to.
- I find the staff at Fittleworth very kind and helpful.
- Great service, wonderful staff on telephone, top marks to all and the cheerful Fittleworth driver.
- Delivery dates tend to be erratic. The actual delivery sometimes occurs when I'm out.
- Over the last two months I've noticed that it's a longer waiting time on the phone to place the order, so have now started to order online.
- No comments or questions on improvement on service as you cannot improve on perfect. My thanks to all concerned.
- Improve time it takes to answer the telephone. Make sure email requests are forwarded to doctors surgery for issue of prescription to supplier.
- Staff and service wonderful.
- My only issue is the interaction with my surgery who seem to ignore items, delay replying to my appliance supplier and never accepting their responsibility in any delays. Now working with them both to improve their intercommunication.
- I have always been very pleased with the service and I know it's very difficult with all the COVID, but things haven't been so good for about the last three or four months, e.g. the delivery has not been on time and it wasn't coming altogether. Probably customer service off sick with COVID. But last month everything was fine. So let's hope it continues and I'm sorry to have to complain.
- Just one problem when they changed to DHL, but delivery on last order, original delivery excellent.

Customer comments

- Fittleworth only supply me with stoma bags, wet wipes, disposable bag. They phone me every four weeks to see what I need and gave me a delivery date. The service they provide me is excellent - helpful, polite and always deliver on time.
- I have just started ordering by email, which is much much better.
- It can take some time to get through on the phone at times. Email is always successful. Staff are polite and helpful.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 76

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	69	7	0	0	0
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(69 \times 100.00) + (7 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(76 - 0)}$$

Your mean percentage score for Q4a = 97%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	97	94	97	97	98	100
