## Customer comments

### Appendix 1 - Specified other reasons for contacting supplier from question 1:

- To give notice of the prescription they will receive from my doctor.
- Contacted by Princess Alexandra hospital after surgery for stoma operation emergency in 2014.
- Recommended.
- To supply me with stoma bags.
- To look out for my order which previously has been delayed - cause unknown.
- Via doctor.

### Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- I did find it difficult to get through on the phone during the summer as I understand Fittleworth were experiencing very high call volumes. So I emailed instead and was always answered within three days.
- Having been supplied for several years by this company, everything they have done for me has been excellent. Could not have been better. Thank you.
- There should be improvement on how long customers kept waiting on the phone before your staff answer. As it is not all customers have knowledge or access to computer to order their products online.
- No problems, a very excellent service.
- I have only had stoma for a few months - as yet I have had no problems with supplies.
- I don't want parcel left outside. I was in at the specified delivery time. Ring the bell. If not in, deliver to neighbour please. Thank you. (The delivery was roughly the time expected.)
- Fittleworth has been most helpful in assuring delivery of my catheters on two occasions when my GP had failed or delayed the issue of my prescription. I am very grateful for Fittleworth's help in remedying those defects.
- Some "don't know" as order via GP - service good - right appliances quickly - by post/delivery.
- Waiting time on phone is lengthy but they do warn you of this. Very occasionally delivery doesn't arrive on specified day or on an earlier day so I am not always home to accept the parcel.
- Fittleworth staff I've spoken to are knowledgeable and caring.
- It would be good if my supplier would arrange for the delivery service to give me a date and time slot for expected delivery.
- Never answer the phone.
- At first, was haphazard. But as time has gone on, settled down! Now am on a roll!
- I usually place my order by fax. The supplier has to wait for the NHS prescription before they dispatch the goods. Sometimes delayed up to three weeks or more. Supplier should ring me, if any delays.
- Very good service. Excellent. Thank you.
- I tried to order online when telephone was busy but was unable to identify which product codes I need for appliance wipes and bags. It would be helpful if repeat orders showed on website.
- Sometimes takes 20-30 minutes before telephone call is answered.
- Lately it takes some time until they answer the phone.
- I have only just started using Fittleworth as during lockdown my previous supplier became unreliable. The biggest problem is that I can't seem to reach them by phone and would prefer to speak to someone. I email them my order.
- The service from Fittleworth is second to none, they are always helpful and patient and always willing to make sure all needs are met. I don't know what I would do without them.
- Fittleworth have provided an excellent service for over nine years.
- I haven't had any issues with actual supplier.
- I have used Fittleworth for 16 years with excellent service always - however I have had a great deal of problems with delivery drivers who leave my supplies on the doorstep in the rain, even though there are clear instructions where to put it!

## Customer comments

- Can never supply the full amount requested and never give time for delivery or date of deliver. Also courier leaves outside door even if not in so sometimes products are weather affected (rain).
- What a lovely company to deal with. The staff are just so helpful. I don't think you could improve on this service.

## Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 79

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	73	4	0	1	1
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(73 \times 100.00) + (4 \times 66.67) + (0 \times 33.33) + (1 \times 0.00) + (0 \times 0)}{(79 - 1)}$$

Your mean percentage score for Q4a = 97%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

## Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	97	94	97	97	98	100

16684

\*Benchmarks are based on data from 38 dispensing locations surveyed between November 2021 and February 2022 with 40 or more returned questionnaires and a total of 4,086 returned customer questionnaires.

## Dispensing Appliance Contractor Customer Questionnaire

At Fittleworth we are always looking to improve our service. We have decided to take a moment to collect the views of our customers. We will ask about your experience and the services you receive from Fittleworth. We have partnered with CFEP UK Surveys to do this. All responses are anonymous.

To complete the survey, please mark the boxes like this  with a blue or black ball-point pen. If you change your mind just cross out your old response and make your new choice. If you are unable to answer a question, or a question doesn't apply to you, please leave it blank. Once the survey is complete, please post it using the pre-paid envelope provided.

Alternatively, if you wish to complete the questionnaire online, a web version can be found at:
